I am requesting any and all data showing soil samples, location, and data referenced in the press release on April 30, 2014 by Regional Director Karl Brooks in regards to West Lake Landfill. Dr. Brooks stated that " St. Louis U.S. Army Corps of Engineers FUSRAP in support of their 2005 Record of Decision (ROD) for the North St. Louis County sites. A total of 231 samples were collected and analyzed by FUSRAP for Radium-226, Thorium-230, Thorium-232, and Uranium-238.
